Working With User Input

A screenshot of a web browser window displaying a login form. The form has two input fields: 'username' and 'email address'. Below the 'username' field, there is a red error message: 'The username is required.' Below the 'email address' field, there is a red error message: 'An email address is required.' At the bottom of the form, there are two buttons: 'CANCEL' and 'LOGIN'. The 'LOGIN' button is highlighted with a blue border. The browser window has a standard macOS-style title bar with three dots in the top-left corner.

username

The username is required.

email address

An email address is required.

CANCEL LOGIN
